

# Poole Business Services

## Grounds Maintenance

Well managed grounds and communal areas say a lot about you and your organisation. We offer a tailor made service designed around your specific needs and requirements so you can focus on your business.

Our work in the commercial sector and with local organisations ranges from grass cutting to mechanical sweeping and from landscape planning, design and construction to drain cleaning.

We work on projects from the installation of playground equipment to vegetation management and from Japanese Knotweed treatment to graffiti removal. Our aim is to meet your needs whether this is a one off task or regular maintenance.

Based in Poole we operate an extensive range of machinery within our fleet. This ensures we are able to offer the widest range of services of any operator in the local area, whilst providing business continuity.

Our local staff are correctly certificated for the works they carry out and have support from our own dedicated training team to ensure the highest standards of service.

We have a waste carriers licence and adhere to all the regulations for the disposal of waste, dangerous goods and hazardous materials, ensuring your legal compliance and peace of mind.

# Services we offer

Our services meet the needs of customers requiring grounds maintenance and street cleansing services and can be delivered to retail parks, trading estates, education establishments, public sector organisations and more.

We can provide regular scheduled work programmes or occasional work arrangements tailored to meet your requirements. Some of the services we can offer you are:

- **Grounds maintenance**

This includes landscaping, sport pitch maintenance and routine site maintenance such as grass cutting. We also help to prevent the establishment and growth of undesirable plant life such as moss and weeds.

- **Fencing, boardwalk and playground construction**

Using state of the art machinery, our team provide you with the perfect accompaniment to your outside greenspace or playground. All prices are bespoke and will aim to fit any budget requirement.
